

# Metro LITE T2

## The easy way to manage off-street parking

Orikan's Metro Lite T2 terminal is a smart, flexible machine designed to support your off-street parking operations, no matter how you approach them. The cost-effective terminal works with barrier and non-barrier access control solutions, and has the option to add LPR cameras, an intercom and support transportation cards with the addition of a propriety card reader.

### FEATURES

- 8.4" colour SVGA TOUCH screen
- Cashless payments
- QR code eReceipts
- Remotely top up time with PayStay
- Dual SIM wireless communications or Ethernet offline operation
- Integration to Ezicom for reporting, remote enforcement, and barrier control
- Integrates to leading LPR camera solutions for barrier or barrierless entry exit applications
